

ISSTT 2008

19th International Symposium on Space Terahertz Technology

April 28-30, 2008

Groningen, The Netherlands

Registration and submission of abstracts
at www.sron.nl/isstt2008
Abstracts due December 19, 2007

Organizers:

Wolfgang Wild
Thijs de Graauw
Teun Klapwijk
Jian-Rong Gao

Scope:

- . Terahertz systems and instruments
- . Heterodyne and direct detectors (e.g. Schottky, SIS, HEB, TES, KID, bolometers)
- . THz local oscillator systems and components
- . THz optics, components and measurement techniques
- . Backends for THz systems
